**IF-ECMH ENDORSEMENT – REQUEST FOR CERTIFICATES**

California has a formal endorsement process for individuals specializing in the area of Infant-family and early childhood mental health. This process requires applicants to document completed requirements through creation of a portfolio. The WestEd Center for Prevention and Early Intervention (CPEI) serves as the administrator of the endorsement process, providing an online application process and a professional review of applicant portfolios for endorsement candidates. The California Center for Infant-Family and Early Childhood Mental Health website ([www.cacenter-ecmh.org](http://www.cacenter-ecmh.org)) contains the Guidelines, information on the endorsement process, an application, and resources. **\*Detailed information is included in the ECMH Conference Program Booklet!**
